

Brisbane River - New Farm to Newstead

Newstead Riverwalk

Until recently Newstead was an industrial sector of Brisbane with large cargo vessels docking at the wharf. The landscape was dominated by gas storage silos on the site of the original Brisbane Gas Co. founded in 1887.

The wharf and factories have been replaced by luxurious apartments with manicured lawns including an artificial lake and park facilities. Try the playground at Newstead Riverpark which includes a BLOXX climbing boulder.

All children in Brisbane should visit New Farm Park with family and friends. The more friends you have, the more fun you'll have. New Farm Park is guaranteed to stimulate the imagination.

If you park your car inside the New Farm Park at night, maybe to attend the Brisbane Powerhouse, be aware that the gates are locked at 11pm.

Bulimba
